for example. This escorted tour follows and explores the historic Dalmatian coast, before crossing over to Venice, Genoa, Barcelona, Seville and Lisbon. Rather than being the European grand tour of old that took the grand tourist of 18th century and 19th century to ancient Rome, the Sistine chapel or Venice and the grand canal, this guided tour takes the group away from the regular path of tourists, to the places that have inspired travel writing.

- Germany,
- Austria,
- Hungary
- Czech Republic
- Croatia
- Italy
- France
- Spain
- Portugal
- The Netherlands

as it winds its way by coach from central to Eastern Europe and Western Europe.

There is a detailed itinerary that allows for flexibility, as we travel and explore with an occasional walking tour, such as the historic trading routes from ancient Rome that linked Europe to the Middle East to the disagreements between landowners or the art and culture that shaped the expression of culture observed today. This is a travel experience that focuses on authentic experiences supported by a knowledgeable
