## Harbin Ice and Snow Festival

Odyssey offers easy, convenient, and relaxed escorted small group tours across China and beyond Asia. We explore China's beauty, its ancient and Imperial heritage, its World Heritage Sites, and world famous cities, all with some truly spectacular scenery along the way. This and more is all waiting to be explored on one of Odyssey's small group tours of China, designed for the senior traveller, and led by experienced, and enthusiastic like minded people.

This Harbin Ice and Snow Festival Small group tour for senior travellers

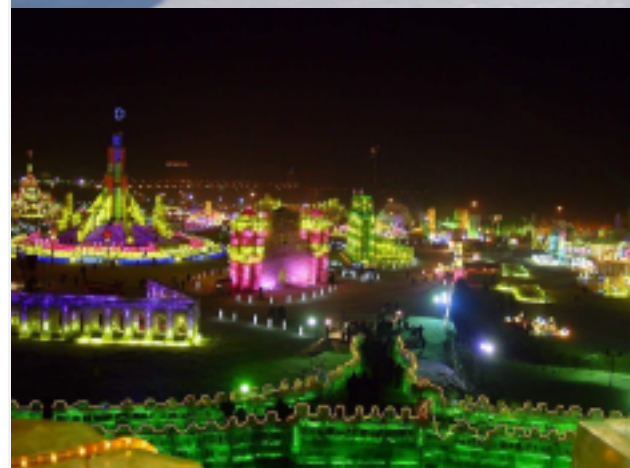

explores the wonders of the Harbin Ice and Snow Festival. This ice and snow festival has been held annually since 1963. The Harbin Ice and Snow festival is one of the world's greatest winter festivals. We will see world record-sized snow sculptures longer than two football fields, as well as ice buildings, palaces, monuments, and statues some 50 metres tall. These technologically sophisticated displays use computer-controlled LED and regular lighting to put on stunning displays of shifting colour and design.

The Harbin Ice and snow festival takes place in Northeast China. Harbin is referred to as the "Ice City." Harbin is one of China's most popular winter destinations. The bitterly cold winters provide perfect conditions for the ice festival. Also included are visits to Shanghai and Beijing, among the most popular destinations in China. Odyssey assists you in securing clothing to protect you from the Winter.

## Touring the Harbin Ice and Snow Winter Festival

The Harbin Ice and Snow Festival Small group guided tour begins in Shanghai. Here, we take time to explore one of the world's most urbanised cities. Professional local guides lead us first hand through the magnificent Yu Garden, one of the most lavish Chinese gardens in the region. Following this, we visit the Bund Area, famous for the buildings along the Huangpu River. It is a "Gallery of World's Architecture," so local guides will escort you along the Bund. We learn about the Bund's history and develop an understanding and appreciation of Shanghai's unique historical legacy.

We will continue with a trip to Xin Tian Di, the representative of Shi Ku Men. Here, we enjoy a cup of coffee or tea and soak up Shi Ku Men's nostalgic atmosphere. The remainder of this tour for mature travellers takes in the wonders of the Harbin Ice Festival, with time set aside to explore the remainder of the city, before we travel to Beijing, where the tour draws to a close. There is a full day of touring in Beijing including a visit to the Forbidden city. Join us on this unforgettable tour of China, and discover the spectacle of the Harbin Ice and Snow Festival and

other cultural sites for yourself!
