A good level of fitness is required for this tour, but the effort expended will be well rewarded.

This walking tour begins in Eire (The Republic of Ireland). It then continues on in the UK's Northern Ireland, the English Lake District and the Yorkshire Dales. These destinations provide dramatic scenery. There are remote wilderness areas and picturesque villages to be explored with our local guide. There is something here for everyone.

## Ireland and Lake District Walking Tour Itinerary & Highlights

After meeting in Dublin, the tour heads west by coach to Donegal on the wild Atlantic coast accompanied by your Odyssey Program Leader and tour guide. Here the group will spend five nights giving ample time for a number of guided walks along cliff paths, beaches, valley floors and mountain tracks. Walk through some of Ireland's most stunning scenery and enjoy a taste of remote and peaceful Irish wilderness.

Another highlight of any visit to Ireland is the extraordinary Giant's Causeway on the east coast. This is a UNESCO World Heritage Site where octagonal volcanic basalt columns form one of the world's most unusual landscapes. The area is steeped in myth and, according to legend, the columns were formed by feuding giants!

From Ireland the tour will take you by ferry to Scotland and then to northern England where you will have the chance to walk through the Lake District made famous by the Romantic Poets and loved by tourists ever since. You will stay for four nights in Keswick and use this
