that embraces history and culture.

Over a 19 day period our Camino de Santiago tours for seniors experience the breathtaking scenery and picturesque sections of the Way of Saint James on a guided walk collecting a few of pilgrim passport stamps (compostela certificate) in the charming towns, sleepy villages and the gothic cathedral of Burgos are all encountered on this guided walking tour. The itinerary for this walking holiday while following the pilgrim path along some of its most beautiful landscapes through the flat, up into the undulating hills into medieval villages set deep in the beautiful countryside that defines el camino de Santiago as the Camino walk. This walk takes in Cape Finisterre, the symbolic end for many who have been walking the Camino route. Odyssey Traveller's article about the history of pilgrimage routes is useful to understand the historic significance of this hike.

Odyssey has selected relevant sections, not the entire camino, so that you experience Saint James Way, eventually reaching the historic destination Santiago de Compostela. Not since the Middle Ages has this adventure for body and mind been more popular as a pilgrimage or just a great walking tour of Spain's camino de Santiago route over 19 days with an achievable itinerary for mature and senior travellers joining this guided walking tour as a couple or solo traveler . The walking surface out on the camino trail, varies from gravel and farm tracks to paved road.

There are alternative routes such as the Camino Del Norte or del norte (Northern Way), which takes pilgrims along the Northern coast, from the Basque Country, across Cantabria, Asturias and on to Santiago de Compostela, in Galicia.

## The history of Saint James way or Camino de Santiago

The Camino de Santiago, also known as the way of St James, is an ancient Catholic pilgrimage route to the cathedral in Santiago de Compostela in Galicia in northern Spain. Legend has it that the bones of the apostle St James were brought by boat from Jerusalem to northern

Spain and are buried under the site of what is now the city of Santiago de Compostela.

Saint James way has been considered to be an important Christian pilgrimage route for more than 1000 years. It was considered by the church to be one of the three pilgrimage routes on which sins could be forgiven. There are many routes to Santiago de Compostela, starting from a variety of points, from as far away as Belgium to as close as 100km from Santiago.

## Experience the Camino with Odyssey's small group tour

The Saint James Way Small Group Walking Tour is escorted by an Odyssey program leader. Odyssey's local guides are Camino experts, sharing with you their knowledge of the medieval pilgrims and the route walked to Santiago de Compostela.

As we understand differences in travel style, our tour is designed to be as demanding as you choose. You or your partner may elect to enjoy a slower day during the tour. Or you might decide to walk the appointed section that day. Odyssey has a fitness program designed to bring you up to a comfortable activity level prior to the tour that we circulate to all participants.

As we walk the Camino we discover the artistic highlights and rich history of Northern Spain and Northern Portugal. We make sure to take lunch breaks at local restaurants and tapas bars, so that you can sample the local wines and enjoy exquisite food selected by our local guide. We also stop in at the impressive Guggenheim art temple in Bilbao and have a night's accommodation at a monastery in Leyre, where we get to experience a centuries-old tradition of choir singing. From Sarria to Santiago we enjoy some of the most spectacular scenery on the Camino ways. Finally, we arrive at our destination, where we attend the Pilgrim's Mass and explore the local market.
