Africa, designed for the senior traveller, and led by experienced, and enthusiastic like minded people.

Odyssey Travellers' Southern Africa small group tour for mature and senior travellers is an unforgettable, fully escorted 19-day tour of Africa's southernmost countries designed with the (mature) senior traveller in mind whether as a couple or solo traveller. Travellers will be amazed by southern Africa's scenic beauty, cultural diversity, and astounding wild life. This historically complex and beautiful region features rich farmland, vast plains, rugged mountains, cosmopolitan cities, and traditional villages

This tour will begin in Cape Point and weave across southern Africa to visit Victoria Falls in Zimbabwe and Livingstone in Zambia, ride through Chobe National Park in Botswana, and end in Johannesburg, South Africa's largest urban area and its centre of commerce. In this city, travellers will have the option to extend their holiday to Namibia and Madagascar, also with Odyssey Traveller.

Enjoy the Coast in Cape Town

Cape Town is a coastal city and the legislative capital of South Africa. It is the oldest urban area in the country, developed in the 17th century as a waystation for ships travelling to the Dutch East Indies (what is now Indonesia) by employees of the Dutch East India Company. Here, we will have a full-day tour of the city and a half-day tour of Cape Point, which provides spectacular sights of stone cliffs, beaches, and rolling valleys.

Highlights of this leg of the tour are the wine farms on the Constantia Wine Route, a drive to the city past famous landmarks, a visit to the Castle of Good Hope, initially a maritime replenishment station and now the seat of the military in the Cape; a revolving cable car ride to Table Mountain (weather permitting) and Signal Hill, and the Company Gardens, a large public park and botanical garden set in the heart of Cape Town.

Experience Nature in Oudtshoorn and Knysna

We visit the Western Cape to stop at the “ostrich capital of the world”, Oudtshoorn. Lying between the mountain ranges of Klein Karoo, Oudtshoorn’s rugged scenery makes the perfect backdrop for learning about the history of ostrich farming. In the mid-19th century, ostrich feathers were all the rage and the trendiest fashion accessory a woman could have adorning her hat. Farmers in Oudtshoorn realised that the environment was perfect for raising ostriches and began to capitalise on the trend. Although ostrich plumes are no longer in high demand, ostrich meat has become a popular alternative to red meats like beef and lamb, much like kangaroo and there are many ostrich farms still running today.

In Knysna, we will visit the Featherbed Private Nature Reserve, a pristine piece of paradise situated accessible only by ferry and Monkeyland, the world’s first free-roaming primate sanctuary.

See the City of Pretoria

Pretoria is the administrative capital of South Africa. Here we will visit the Cullinan Diamond Mine, also known as the Premier Diamond Mine, which has uncovered some of the largest diamonds in the world today. Following this we head to the majestic Voortrekker Monument, situated south of Pretoria in a nature reserve; Kruger House, the historical Pretoria residence of the Boer leader and President of the first South African Republic, Paul Kruger, and Kruger National Park, a game reserve with a high density of wild animals, including the “Big 5”: lions, leopards, rhinos, elephants and buffalos.

Visit Zimbabwe, Zambia, and Botswana

We will travel out of South Africa to take a tour of Victoria Falls and walk through the rainforest and take a game drive across Chobe National Park in Botswana.

Learn History in Johannesburg

We will return to South Africa, where the tour ends in Johannesburg. Our trip here is focused in the township of Soweto, where we will visit the Walter Sisulu Square in Kliptown, site of the Congress of the People who drew up the Freedom Charter as an alternative to the repressive policies of the then-apartheid state, and visit the present home of Nobel Prize winner Archbishop Desmond Tutu and the first home of Nelson Mandela in Johannesburg.

Described by the Kololo tribe living in the area in the 1800's as 'Mosi-oa-Tunya' – 'the Smoke that Thunders' and in more modern terms as 'the greatest known curtain of falling water', Victoria Falls are a spectacular sight of awe-inspiring beauty and grandeur on the Zambezi River, bordering Zambia and Zimbabwe.

A path along the edge of the forest provides the visitor who is prepared to brave the tremendous spray with an unparalleled series of views of the Falls.

One special vantage point is across the Knife edge bridge, where visitors can have the finest view of the Eastern Cataract and the Main Falls as well as the Boiling Pot where the river turns and heads down the Batoka Gorge.

Other vantage points include the Falls bridge and the Lookout Tree which commands a panoramic view across the Main Falls.

Different times of the year will provide completely different experiences of the Falls region. Peak flood season is around March and April and the full power of the falls can be experienced in all its glory. As the floods abate the view of the falls gets better and better through the year, but at its lowest, around November and December the Falls become little rivulets running over the edge and in some places along the 1,7km width no water falls at all.
