Discover Spain: a small group tour for seniors

Join Odyssey Traveller on an immersive 21-day small-group tour of Spain designed for seniors. Experience the country's grand sights and rich history as we journey from Madrid, Spain's vibrant capital, to Barcelona, its dynamic cultural hub. Along the way, we explore charming towns often overlooked by mainstream tours, offering a unique

and authentic glimpse into Spain's diverse heritage.

This three-week journey, specially designed for senior travelers, offers a rich blend of sights and experiences. Our adventure begins in Madrid, a vibrant modern metropolis that has carefully preserved its historic neighborhoods and landmarks, making it the perfect gateway to Spain's storied past. Just outside the city, we visit the Valley of the Fallen in San Lorenzo de El Escorial—a solemn and often debated monument commissioned by Francisco Franco, serving as the final resting place for those who perished in the Spanish Civil War.

We will visit the Roman Aqueduct of Segovia and the Roman Bridge of Cordoba, the Jewish Museum in Granada and Girona, and the Dali Theatre and Museum in Figueres. We will travel down to the foot of a striking multi-peaked mountain range to visit Montserrat, and travel by cable car to an abbey nestled in the mountain to visit the Black Madonna.

We will stop at Consuegra to see the windmills that Don Quixote de la Mancha mistook for giants in Miguel de Cervantes' famous novel, and at the mountaintop city of Ronda to view the bridges spanning a gorge that divides the new side of town (circa 15th century) from the old.

We also have a Spain and Portugal tour that explores the sights of the Iberian Peninsula, and an in-depth tour of Barcelona.

Today we will head out of Madrid to the Valley of the Fallen in San Lorenzo de El Escorial, a sombre and at times controversial monument commissioned by former military leader Francisco Franco. The Valley, completed in 1959, is composed of an underground crypt and basilica—the Basílica de la Santa Cruz del Valle de los Caídos (Basilica of the Holy Cross of the Valley of the Fallen), where the bodies of the people who died in the Spanish Civil War were laid to rest (Franco's remains are here as well)—topped with a 152.4-metre-high (500 feet) cross. Through the years it became a site of protest against the Spanish dictator and a venue for Francoists paying their respects, until 2007 when the Spanish government banned all political events from being held here.

On our way back to Madrid, we will stop at Segovia to view the Roman aqueduct, one of the most well-preserved Roman monuments, and
