## Small group walking tour of New Zealand

Sep 29 2025 to Oct 12 2025

### Small Group Walking Tours of New Zealand for seniors.

Odyssey Traveller is pleased to introduce our new small group walking tours of New Zealand for seniors and mature travellers, focusing on the spectacular scenery of the North Island and the South Island. Our walking tour is for up to 10 people, typically mature and senior travellers joining as a couple or as a solo traveller. These New Zealand hiking tours will guide travellers through the history, Maori culture, and landscapes of the North Island and South Island of New Zealand. Our

13-May-2025

itinerary for this guided walking tour gets off the beaten track into parts of New Zealand many do not explore. Away from the likes of a popular walking holiday such as the Hollyford track, or the Routeburn track.

For many visitors, the South Island gets all the attention, with the big tourist draws of Franz Josef Glacier, Milford Sound, Queenstown and historic Christchurch. But dig deeper and you'll find that New Zealand's North Island has as much to offer, including the beautiful Bay of Islands , Poor Knights Island, White Island, and Waiheke Island, the bird sanctuary of Tiritiri Matangi , the Art Deco of Hawke's Bay, alpine Tongariro , and the glow worm caves in the Waitomo Caves complex.

This small group walking holiday of New Zealand is limited to a maximum of 10 people. (You can book this program as a private group with a minimum of 4 people)

Our hiking tours of New Zealand for seniors walk between 8 to 20km each guided day walking (tramping) has been organised. This guided walking tour has an itinerary that is a blended collection a short walk and a reasonable hike in a diversity of settings with a tour guide as a collection. We have a collection of articles for getting fit for a walking tour.

They are walking tours of New Zealand that have monthly departures from late September to late April each year.

## Overview of Walking tours of New Zealand

The arrival of Europeans – mostly British settlers – in New Zealand set in motion a startling and ultimately largely successful co-existence with the Maori people. Both Maori traditional owners and new settlers had to come to terms with the fiercely disparate environments and climates found through New Zealand , from the subtropical north to the alpine south. This is the route we will follow on this hiking tour. Heading North from Auckland we transfer up to the Bay of Islands , to begin this walking holiday then tracking south through Auckland and south to the Tongariro National Park . Your small group walking tour of New Zealand spends the day walking the Tongariro Alpine Crossing a great outdoor

adventure through stunning landscapes of the volcanic peaks in the national park.

## On our small group guided walking tours of New Zealand

:

New Zealand ( Maori : Aotearoa ) is an island country with a total land area of 268,000 square kilometres (103,500 sq mi) in the southwestern Pacific Ocean. It is one of the most southernmost countries in the world, about 2,000 kilometres (1,200 mi) east of Australia . The country has two main islands: the North Island (Te Ika-a-M?ui) and the South Island (Te Waipounamu), and about 600 smaller islands.

Our 14-day small group hiking tours of New Zealand requires a reasonable level of fitness to be able walk up to 15 kilometres a day on flat to reasonable grades as well as uphill and downhill sections of track.

This small group tour will be accompanied by an Odyssey tour guide and are joined by expert local guides who will impart their knowledge about the places we will visit. Odyssey conducts educational tours designed for small groups of mature and senior travellers , focusing on history, culture, wildlife and other areas of particular interest where the trip is taking place. A small group tour is typically between 6 to 12 people, this program is limited to 10 travellers. The cost of a Odyssey Traveller guided tour is inclusive of all entrances (unless otherwise indicated), tipping, and majority of the meals throughout the trip .

This particular tour has periods of free time built into the itinerary, allowing you explore some destinations at your own pace, and choose from a variety of available activities. This way, we make sure that there is something to enjoy for every kind of traveller.

Haere mai ki Aotearoa – Welcome to the Land of the Long White Cloud.

Welcome dinner this evening is confirmed for 06:00pm at the hotel with the group.

This charming town is the perfect base for exploring the Bay of Islands. Russell holds an important place in New Zealand's history, being the country's first sea port, its first European settlement and New Zealand's first capital in nearby Okiato. The town's streets retain their original layout and names from 1843, and many of its historic buildings can still be visited today.

## Day 2

**Locations:** Russell

### Overview:

After breakfast, we will pick up our pre-packed lunch and board the ferry at the jetty in front of our hotel and take the 40 min journey to Urupukapuka Island.

Ferry details: 08:30am – Paihia Wharf (Pier 7) to Otehei Bay Travelling on Explore service 0830PRO (arriving 9:15 a.m.)

Urupukapuka Island is packed with fantastic walking tracks, ranging from 1-hour strolls to 5-hour hikes, so whatever your stamina level we will find something for you. The most notable of these is the 7.3km Urupukapuka Island Archaeological Walk. This track, designed to be walked in a clockwise direction, can be accessed from most of the larger beaches on the island, and if a 5-hour trek is a bit too much for you, it can be broken down into two shorter 2.5-hour walks. As well as boasting some of the most spectacular panoramic views imaginable, you will be taken past many of the dozens of pristinely preserved archaeological sites on the island, some of which may be up to 1000 years old. From prehistoric Māori pa, villages, gardens, and food storage, right up to early 20th Century buildings used by famous author Zane Grey, there are countless historic sites to explore on Urupukapuka Island.
