

## Scotland small group tour, tracing 5,000 years of history

### Reading List

#### **The Scottish Enlightenment: an Anthology**

by Alexander Broadie

The Scottish Enlightenment is one of the great achievements of European culture. In philosophy, law, economics, politics, linguistics and the physical sciences, Scots were key players in changing the way the world was viewed. And this explosion of activity still reverberates. It was the age of David Hume, Thomas Reid and Adam Smith, of Adam Ferguson, James Hutton and Sir John Sinclair. In his authoritative introduction, Alexander Broadie emphasises not only the diversity of intellectual discussion taking place in this small country located on the outer edge of Europe, but also the European dimension of this Scottish movement. After the general introduction, the anthology is arranged thematically - Human Nature, Ethics, Aesthetics, Religion, Economics, Social Theory and Politics, Law, Historiography, Language and Science. These sections gather together well-known and lesser-known writings of the time. Much of the material has not been reprinted since the 18th century. Those with an interest in the Scottish cultural tradition will find many things to hold their attention in this unique book.

#### **The Scottish Enlightenment: The Scots' Invention of the Modern World**

by Arthur Herman

'Every Scot should read it. Scotland now has the lively, provocative and positive history it deserves.' Irvine Welsh, Guardian A dramatic and intriguing history of how Scotland produced the institutions, beliefs and human character that have made the West into the most powerful culture in the world. Arthur Herman argues that Scotland's turbulent history, from William Wallace to the Presbyterian Lords of the Covenant, laid the foundations for 'the Scottish miracle'. Within one hundred years, the nation that began the eighteenth century dominated by

the harsh and repressive Scottish Kirk had evolved into Europe's most literate society, producing an idea of modernity that has shaped much of civilisation as we know it. He follows the lives and work of thinkers such as Adam Smith and David Hume, writers such as Burns and Boswell, as well as architects, technicians and inventors, and traces their legacy into the twentieth century. Written with wit, erudition and clarity, *The Scottish Enlightenment* claims the Scots' rightful place in the history of the western world.

### **A History of the Scottish People, 1560-1830**

by T.C. Smout

A beautiful new cover for one of Fontana Press's hardiest perennials. 'By far the most stimulating, the most instructive and the most readable account of Scotch history that I have read...this splendid work carries us from Knox to Neilson, from the hot gospel of Calvin to the hot-blast of the smelting process – and incidentally seeks to explain the change. For always, in following this lucid narrative, we see an original mind at work, questioning and explaining, as well as illustrating.' Hugh Trevor-Roper, *Sunday Times* 'This is a fine history of Scotland. It combines rich and deep scholarship with an elegant and lucid style...No one who professes an interest in Scotland can afford to miss reading it.' *Times Literary Supplement* 'This remarkable book leaves the reviewer with little to say except that all Scots, and even Englishmen, who are interested in Britain's development, should read it. It is admirably proportioned, based on vast reading, and brings all the main topics together.' *Economist*

### **Pursuit of Princes: Volume 5 (The Jacobite Chronicles)**

by Julia Brannan

THE FIFTH BOOK IN THE CAPTIVATING SERIES WHICH FOLLOWS THE LIVES OF BETH AND ALEX MACGREGOR, THEIR FAMILY AND FRIENDS. The rebellion is over. Prince Charles is in hiding, the Jacobite clans are scattered to the four winds, and in Inverness the Duke of Cumberland plans a brutal retribution against the Highlanders who rose against his father. His intention; to ensure they can never rise again. Alex, knowing Beth to be dead, leads his men into

a vicious war of attrition against the British Redcoats, who have destroyed everything in life he ever held dear. Only his desire for revenge keeps him alive. Meanwhile the Duke of Cumberland is hatching a plan that he is confident will reveal the true identity of Sir Anthony Peters, the man who made a fool of the king, the duke and all society, a man he wishes to capture more than anyone else alive. JOIN THE CONTINUING REBELLION OF THE MACGREGORS AND THEIR FIGHT FOR REVENGE AND SURVIVAL IN... THE JACOBITE CHRONICLES

### **Bare-Arsed Banditti: The Men of the '45**

by Maggie Craig

They were modern men: doctors and lawyers, students and teachers, shoemakers and shopkeepers, farmers, gardeners and weavers. Children of the Age of Reason, they wrote poetry, discussed the latest ideas in philosophy and science - and rose in armed rebellion against the might of the British crown and government. Sons of a restless nation that had unwillingly surrendered its independence a mere generation before, some were bound by age-old ties of Highland kinship and loyalty. Others rallied to the cries of 'Prosperity to Scotland' and 'No Union!' Many faced agonising personal dilemmas before committing themselves to Bonnie Prince Charlie and the Jacobite Cause. Few had any illusions about the consequences of failure. Many met their date with destiny on Culloden Moor, players in a global conflict that shaped the world we live in today. Combining meticulous research with entertaining and stylish delivery, Maggie Craig tells the dramatic and moving stories of the men who were willing to risk everything for their vision of a better future for themselves, their families and Scotland.

### **Culloden**

by Murray Pittock

The battle of Culloden lasted less than an hour. The forces involved on both sides were small, even by the standards of the day. And it is arguable that the ultimate fate of the 1745 Jacobite uprising had in fact been sealed ever since the Jacobite retreat from Derby several months before. But for all this, Culloden is a battle with great significance in British history. It was the last

pitched battle on the soil of the British Isles to be fought with regular troops on both sides. It came to stand for the final defeat of the Jacobite cause. And it was the last domestic contestation of the Act of Union of 1707, the resolution of which propelled Great Britain to be the dominant world power for the next 150 years. If the battle itself was short, its aftermath was brutal - with the depredations of the Duke of Cumberland followed by a campaign to suppress the clan system and the Highland way of life. And its afterlife in the centuries since has been a fascinating one, pitting British Whig triumphalism against a growing romantic memorialization of the Jacobite cause. On both sides there has long been a tendency to regard the battle as a dramatic clash, between Highlander and Lowlander, Celt and Saxon, Catholic and Protestant, the old and the new. Yet, as this account of the battle and its long cultural afterlife suggests, while viewing Culloden in such a way might be rhetorically compelling, it is not necessarily good history.
