Senior Travellers guided educational small group tour of rural France

29 Aug 19 to 21 Sep 19

Rural France small group tour.

On this program, “Senior Travellers guided educational Small Group tour of rural France”, we spend 24 days exploring France beyond the cities. We start and finish this vacation program in Paris. This small group tour of rural France is limited to a maximum of 18 people. Travellers are escorted by a program leader.

Your program leader works with a number of local professional guides. This team of guides share with you the culture and the
history of rural France. Topics include the local taxation system to the quirkiness of the European Union and its impact on rural village life and the regional centres. As well as commentary about the more traditional history of the “Pays”.

During this tour you will explore the pastoral and provincial splendour of Rural France. France’s rural villages and towns have resisted the dual siege of the automobile and the property developer. This decision has long protected the rural landscape. Thus avoiding the incursions that laid waste to provincial centres in so many other European nations. This is despite the fact that even small rural roads are sealed.

As you will see, the result is that many of France’s villages and towns remain untouched by the depredations of the last century. Within their walls the villagers conduct their daily lives much as they have done since Napoleonic times. These villages, or communes, maintain lives based on villagers’ needs, rather than those for who seek to profit from them. Indeed, a villager after an interval of 200 years, stepping back today into their old market square carpeted with white limestone and shaded by plane trees, would instantly feel themselves to be truly back at home.

Rural France tour itinerary:

After beginning the program in Paris we travel to St-Gervais-d’Auvergne. En route, we pause at the elegant city of Orléans, site of Joan of Arc’s turning point victory over the English in the 100 Year War. We then travel to the spa resort of Vichy. Vichy was the seat of France’s World War II collaborationist government and is also the source of the famous mineral water. We continue to St-Gervais-
d’Auvergne and check into our hotel.

Set in the Puy-de-Dôme region of the Auvergne in the southern-centre of France, St-Gervais-d’Auvergne is the region’s capital. From here we then visit Saint-Flour, perched on the Auvergne’s highest volcanic outcrop, where we have a full day walking tour of the town. This is quintessential medieval France surrounded by the rugged beauty of the region’s volcanic landscape.

**Other Highlights of France:**

Other highlights include visiting Avignon. Avignon is a walled city which was once the seat of the Popes. As well we travel to Uzes and the Pont du Gard in Languedoc-Roussillon. We will also stop off at the great citadel of Carcassonne, one of Europe’s largest and best-preserved medieval fortresses. We also take time to explore the prehistoric Caves of Lascaux II. The Camargue, separated from the rest of France by 140,000 hectares of wetlands, pastures, dunes, and salt flats will also feature on our itinerary.

This Senior Travellers guided educational Small Group tour of rural France is one of some 25 journeys offered by Odyssey to France each year. These programs are typically for the senior or mature couple or solo traveller seeking a cultural or historic tour into France.
